

ANNUAL DIGEST

DEPARTMENT OF INFORMATION TECHNOLOGY

VISION

To emerge as a centre of excellence producing globally competent and morally sound professionals in the field of Information Technology who will practice commitment to their profession and dedicate themselves to the service of mankind.

MISSION

To develop state-of-art laboratories providing relevant practical inputs to students. To provide strong knowledge base to students in the area of Information Technology and to train them as per the requirement of industries and research organizations. To facilitate institute industry interaction to the benefit of stake holders and motivate teachers for the continuous improvement of their academic standards.

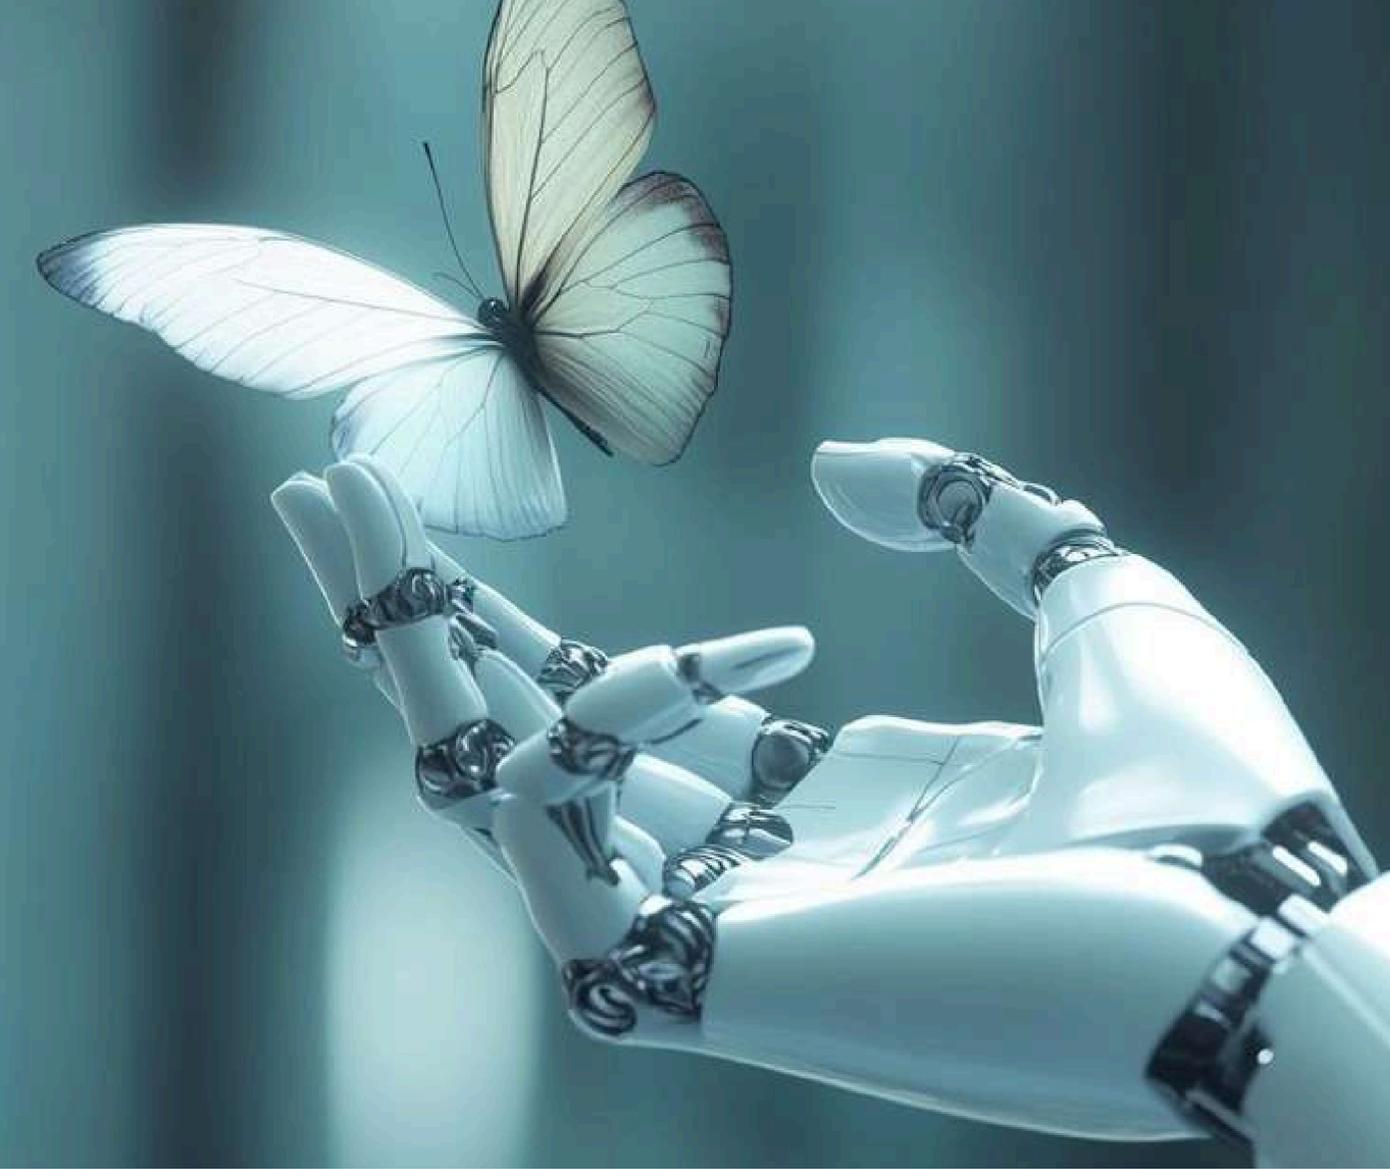

PSO'S & PO'S

PSO'S

- Design reliable and efficient software systems using software design principles, algorithm design techniques and data structure.
- Select appropriate software, hardware and networking environment for IT needs of any organization.
- Use modern technologies such as Artificial Intelligence, Big Data, Cloud Computing for building real world applications.

PO'S

- Engineering Knowledge
- Problem Analysis
- Design/Development of Solutions
- Conduct Investigation of Complex Problems
- Modern Tool Usage
- The Engineer & Society
- Environment & Sustainability
- Ethics
- Individual & Team Work
- Communication
- Project Management
- Life-Long Learning

SOCIETY HIGHLIGHTS
